About Lumina

Lumina Streaming Co. is a global streaming platform delivering premium original content, live sports, and an extensive library of films and series to over 40 million subscribers in 60+ countries. Headquartered in San Jose, CA, with offices in London, Singapore, and beyond, we combine world-class storytelling with cutting-edge technology to redefine how audiences experience entertainment.

The Role

Lumina's ML Platform team builds the infrastructure that powers personalized recommendations, content discovery, and audience intelligence for 40M+ subscribers. You'll help build and scale the ML serving layer, feature stores, and experimentation platform.

What You'll Do

- Build and maintain ML platform infrastructure — model serving, feature stores, pipelines
- Develop tooling that enables data scientists to ship models faster and more reliably
- Implement A/B testing and experimentation frameworks
- Optimize inference performance for real-time recommendation serving
- Collaborate closely with Data Science and Product on new ML capabilities
- Maintain high engineering standards through code reviews and design documentation

What You'll Bring

- 2+ years of software engineering with exposure to ML systems or data infrastructure
- Proficiency in Python; familiarity with ML frameworks (TensorFlow, PyTorch, or scikit-learn)
- Experience with data pipeline tooling (Spark, Airflow, dbt, or similar)
- Solid understanding of software engineering fundamentals and system design
- Ability to work across teams and communicate technical concepts clearly

Nice to Have

- Experience with feature stores (Feast, Tecton) or model serving frameworks (Triton, TorchServe)
- Background in recommendation systems or personalization engines
- Familiarity with streaming data platforms (Kafka, Flink)
- Graduate degree in Computer Science, Statistics, or related field

Compensation & Benefits

Base Salary	\$155,000 — \$195,000 USD annually
Target Bonus	10% of base salary
Equity	RSU grant, 4-year vest with 1-year cliff
Benefits	Medical, dental, vision (100% employer-paid) · 401(k) with 4% match · Unlimited PTO · \$2,000 annual learning budget

Lumina Streaming Co. is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees. All qualified applicants will receive consideration without regard to race, color, religion, gender, gender identity, sexual orientation, national origin, disability, or age.
