EMP-3002	1	No	\$102,500	REQ-201 (Sales)	YES

EMP-1002 (VP Engineering) — 3 active requisitions: REQ-104 (LuminaUS, Final Interviews), REQ-601 (LuminaEMEA, Interviewing), REQ-701 (LuminaAPAC, Sourcing). Combined annualised exposure \$756,000. REQ-104 is in Final Interviews and may close in December, which would reduce load to 2. However, while REQ-104 remains open, VP Engineering carries full load across three entities and three pipeline stages simultaneously. Recommended action: VP Engineering to assess whether one EMEA/APAC req can be delegated or co-managed through December.

EMP-3003 (VP Sales, SMB) — 2 active requisitions: REQ-202 (LuminaUS, Sourcing) and REQ-702 (LuminaAPAC, Sourcing). Count = 2, which is at but not above the threshold. No flag raised; noted for completeness. Both roles are on track.

EMP-5002 (VP Original Content) — 2 active requisitions: REQ-501 (Sourcing) and REQ-502 (Not Yet Open). Count = 2; not flagged. However, REQ-502 cannot be posted until HR approval is granted, and EMP-5002 will manage both searches simultaneously once it opens. HR should complete the approval promptly to avoid further delay.

3 Department Rollup — Annualised Exposure and Flags

Department	Open Roles	Flagged (>30d)	Ann. Exposure (\$)	Dept Trigger (>\$500K)	Triage
Engineering	7	3	\$1,751,250	YES — above threshold	INVESTIGATE
Sales	3	1	\$322,500	Below threshold	NOTE
G&A;	2	—	\$330,000	Below threshold	CLEAN
Content	2	—	\$297,500	Below threshold	WATCH
Marketing	1	—	\$118,750	Below threshold	CLEAN

Notes: Budget exposure = budgeted base salary × 1.25 loading factor (employer taxes, benefits, equity), annualised. EMEA and APAC salaries are USD-converted at period-average FX rate. Exposure represents the annual cost commitment once each role is filled — not a FY-remaining stub. HM overload flag = > 2 active requisitions simultaneously. Source: lumina_headcount_dataset.xlsx — Open_Pipeline, Headcount_Budget, Headcount_Roster. All individual employee data is aggregated; no individual salary detail is surfaced in shared outputs.
